*Leading Independent Financing Company Hires Experienced Team Of Finance Directors
To Bolster Its Oil And Gas Equipment Financing Division*

IRVINE, CALIFORNIA, May 20, 2014 - Balboa Capital, a leading independent financing company since 1988, today announced it has expanded its oil and gas equipment financing division, and will be a featured exhibitor at the 2014 DUG Permian Basin Conference and Exhibition in Fort Worth, Texas from May 20-22. The company is now well-positioned to meet the financing needs of middle-market companies and large corporations in the oil and gas industry throughout the United States.

“We have been supporting oil and gas companies for many years and, to expand our reach in the highly specialized oil and gas industry, we hired a team of seasoned financing directors,” said Phil Silva, President of Balboa Capital. “Their vast experience in the oil and gas sector, along with their financial expertise, provides great value to our clients.” Balboa Capital’s oil and gas equipment financing division works with companies that require financing ranging from \$1 million to \$100 million. “Investing in key personnel demonstrates Balboa Capital’s commitment to our current and future clients in the oil and gas industry,” added Mr. Silva.

Balboa Capital is one of the featured exhibitors that will be at the 2014 DUG Permian Basin Conference and Exhibition in Fort Worth, Texas. “Close to 2,500 oil and gas industry professionals will attend the event, and we are excited to take part,” said Mr. Silva. “We look forward to meeting everyone and getting a first-hand look at some of the innovative new products and technologies that are helping advance the oil and gas industry.” Balboa Capital’s financing directors will be at Booth #849 to provide information about the company’s oil and gas equipment financing products. In addition, the company produced an oil and gas industry infographic that is free to download and share. It features an overview of the oil and gas industry along with current trends and statistics.
