

Balboa Capital Becomes Preferred Financing Resource for LED Lighting Company, LEDtronics, Inc.

*Leading Independent Financing Company Will Structure Lease Financing Programs
for LEDtronics, Inc. End Users throughout the United States*

IRVINE, CALIFORNIA, November 19, 2013 - Balboa Capital, a top independent provider of small business loans and lighting equipment vendor financing, today announced that it has become a preferred financing resource for LEDtronics®, Incorporated, <http://www.ledtronics.com>, one of the leading suppliers of innovative LED lighting, LED lamps, clusters and arrays in the world. Through this relationship, Balboa Capital will develop financing programs for LEDtronics end users across the country.

“LEDtronics is a recognized leader in the design and manufacturing of energy efficient and environmentally friendly LED lighting products, and we are pleased to be their preferred financing resource,” says David Shafer, Director of Business Development of Balboa Capital’s Vendor Services Group. He adds, “This affiliation bolsters our ability to serve LEDtronics sales team members and resellers nationwide. We will provide their customers with fast, flexible financing solutions that can help drive sales, increase profits and grow the LEDtronics brand.”

LED lighting products are more energy efficient and last longer than traditional lighting solutions, which makes them an excellent option for myriad commercial and industrial applications. LED lighting is being used at airports, retail stores, hospitals, parking structures, universities, gas stations, restaurants, museums, manufacturing facilities and bridges, among many others. The energy savings and significantly longer lifespan afforded by LED lights translates into a greater return-on-investment for companies of all sizes. “The up-front cost of LED lighting systems might prevent some business owners from investing in this innovative technology even though it presents them with financial benefits down the road,” says Mr. Shafer. “With Balboa Capital, companies can preserve their existing capital and credit lines and acquire LEDtronics’ lighting products for an affordable monthly lease payment.”

About Balboa Capital

Balboa Capital is a technology-driven financing company that provides business owners with fast, hassle-free solutions to fuel their growth and success. The company specializes in small business loans, equipment financing, commercial financing, equipment vendor financing and franchise financing. Balboa Capital developed an intuitive online platform that simplifies the entire financing process.
